INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
McLennan County Junior College District:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the discretely presented component unit of McLennan County Junior College District (the District) as of and for the years ended August 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the District as of August 31, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The financial statements of the McLennan Community College Foundation, a discretely presented component unit of the District, as of and for the years ended August 31, 2022 and 2021, were not audited in accordance with *Government Auditing Standards*.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Change in Accounting Principle

As discussed in Note 2m to the financial statements, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, effective September 1, 2021. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 16, the schedule of the District's proportionate share of the net pension liability on page 62, the schedule of the District's contributions to the Teacher Retirement System of Texas on page 63, the schedule of the District's proportionate share of the net OPEB liability on page 64, and the schedule of the District's contributions to the Employee Retirement System of Texas on page 65 (collectively, the required supplementary information) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, supplemental information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *Uniform Grant Management Standards* and are also not a required part of the basic financial statements.

The supplemental information and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

December 8, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Statements and Financial Analysis

The Management's Discussion and Analysis (MD&A) is designed to provide an easy to read analysis of McLennan County Junior College District's (the District) financial activities for the years ended August 31, 2022 and 2021. This overview is based on facts, decisions and conditions known as of the date of the independent auditor's report. There are three financial statements presented: the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows. These statements provide both long-term and short-term financial information on the District as a whole and should be read in conjunction with the Notes to Financial Statements.

Management has prepared the financial statements and the related footnote disclosures along with the discussion and analysis. Responsibility for the completeness and fairness of this information rests with the preparers.

Financial statements for the District's component unit, McLennan Community College Foundation (the Foundation), are issued independently of the District. The Foundation's financial information is shown in separate columns on the District's basic financial statements. More details on the Foundation are in Note 1 in the Notes to Financial Statements.

Financial and Enrollment Highlights

- The District's assets exceeded liabilities by approximately \$27.8 million, \$15.0 million, and \$9.2 million as of August 31, 2022, 2021 and 2020 respectively. Of these amounts, unrestricted net position was (\$35.8) million for 2022, (\$40.5) million for 2021 and (\$47.8) million for 2020.
- The District's total net position increased by approximately \$12.7 million for 2022, \$5.8 million for 2021, and decreased by approximately \$0.8 million for 2020. Of these amounts, unrestricted net position decreased by approximately \$4.7 million for 2022 and \$7.3 million for 2021. Unrestricted net position increased by approximately \$2.4 million for 2020.
- The total assessed value of property increased by approximately \$1.7 billion or 6.5% from 2021 to 2022, by \$1.1 billion or 4.3% from 2020 to 2021, and by \$2.1 billion or 8.9% from 2019 to 2020.
- Capital assets (net) increased by approximately \$3.0 million in 2022 and \$1.0 million in 2020. Capital assets (net) decreased by approximately \$2.3 million in 2021.
- Bonds decreased by approximately \$6.2 million in 2022, \$4.2 million in 2021 and by \$4.5 million in 2020.

Financial and Enrollment Highlights (continued)

- During 2022 the unduplicated head count of credit students decreased by 843 students, and contact hours increased by 152,422 hours. During 2021, the unduplicated head count of credit students decreased by 1,410 students, and contact hours decreased by 513,252 hours.

Statement of Net Position

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector organizations. Net position - the difference between assets and deferred outflows of resources and liabilities and deferred inflow of resources – is one way to measure the financial health of the District. Over time, increases or decreases in net position are indicators of the financial improvement or erosion of the District.

From the data presented, readers of the Statement of Net Position are able to determine the resources that are available to continue the operations of the institution. Finally, the Statement of Net Position provides a picture of net position and its availability for expenditures by the District.

Condensed Statements of Net Position (In Thousands)

	2022	2021	2020	Increase (Decrease)	
				2021 to 2022	2020 to 2021

Unrestricted	(35,774)	(40,454)	(47,803)	4,680	7,349
Total net position	\$ 27,766	15,024	9,205	12,742	5,819

Statement of Net Position (continued)

Net position is divided into three major categories. The first category, net investment in capital assets, reflects the District's equity in capital assets less the related debt. The next category, restricted net assets, is divided into nonexpendable and expendable. The District does not have any nonexpendable net position. Expendable restricted net position is available for expenditure by the District, but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. The final category is unrestricted net position, which is available to the District for any lawful purpose.

Total assets increased by \$8.2 million from 2021 to 2022. Cash and cash equivalents increased by \$3.9 million as explained below in the "Statement of Cash Flow" section. There were approximately \$6.5 million in capital assets added during 2022. Significant additions include renovation projects on the ballfields and BPAC Stage of \$2.9 million that were not yet completed at year-end, HVAC system renovation at the CSC Module E wing of \$1.6 million, LTC 3rd floor renovation of \$0.4 million, and the restroom and floor renovation in the CSC Module E wing of \$0.4 million. Depreciation expense of \$4.4 million was incurred which resulted in a \$3.0 million increase in total capital assets, net of depreciation. Total assets increased by \$2.6 million from 2020 to 2021. Cash and cash equivalents increased by \$6.2 million as explained below in the "Statement of Cash Flow" section. There were approximately \$2.1 million in capital assets added during 2021. Significant additions included renovation projects on the Central Plant and Learning Technology Center buildings of \$0.8 million that were not yet completed at year-end 2021, roof replacement for the ESC building of \$0.2 million, and CSC Module B air handler unit for \$0.2 million. Depreciation expense of \$4.3 million was incurred which resulted in a \$2.3 million decrease in total capital assets, net of depreciation.

Total deferred outflows of resources decreased by approximately \$5.2 million from 2021 to 2022. Total deferred outflows of resources decreased by approximately \$2.7 million from 2020 to 2021. These outflows for 2022 and 2021 include deferred charges on the 2015, 2017, and 2021 Refunding Bonds, changes in pension contributions, changes in assumptions, differences between projected and actual earnings, changes in proportion and differences in District contributions and proportionate share of contributions, and differences between expected and actual economic experience of the pension and OPEB plans.

Total liabilities decreased by approximately \$10.7 million from 2021 to 2022. Principal payments on bonds approximated \$5.1 million in 2022. The District's net pension liability decreased approximately \$9.0 million and the net OPEB liability increased approximately \$3.4 million from 2021 to 2022. Additionally, the District recognized \$0.6 million more in accrued liabilities due to the timing of payments at year end. Total liabilities decreased by approximately \$5.1 million from 2020 to 2021. Principal payments on bonds approximated \$5.2 million in 2021. The District's net pension liability increased approximately \$0.2 million and the net OPEB liability decreased approximately \$1.5 million from 2020 to 2021. The District issued \$26.6 million in refunding bonds in 2021 that resulted in the defeasance of \$26.9 million in existing debt. Additionally, the District recognized \$0.6 million more in accrued liabilities due to the timing of payments at year end.

Total deferred inflows of resources increased by approximately \$1.0 million from 2021 to 2022. Total deferred inflows of resources decreased by approximately \$0.9 million from 2020 to 2021.

Statement of Net Position (continued)

These deferred inflows include deferred gains on bond refundings, deferred inflows from leases, differences between projected and actual investment earnings, differences between expected and actual economic experience, changes in assumptions and changes in proportion and differences in District contributions and proportionate share of contributions to the pension and OPEB plans.

Of the \$27.8 million in net position in 2022, approximately \$63.0 million is net investment in capital assets. This is an increase of \$8.8 million from 2021. Net position in 2021 related to net investment in capital assets increased \$2.9 million from 2020 to 2021.

The following graph illustrates the comparative changes in net assets by category over the past three years. Unrestricted net position is critical to support the District's overall mission; therefore, it is important that unrestricted net position be adequately maintained. The chart illustrates that unrestricted net position has grown in a consistent manner (exclusive of the adoption of GASB Nos. 68 and 75) and that the District has not been required to use these resources to fund operations. The adoption of GASB No. 68 did not put the District in a deficit unrestricted net position; however, the adoption of GASB No. 75 did result in a deficit net position. Restricted net position represents balances of funds that have been received to fund specific projects. Accordingly, these balances will increase and decrease as funds are received and subsequently disbursed to fund these specific projects.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the District, as well as the non-operating revenues and expenses. Generally, operating revenues are those revenues received in exchange for the District providing goods and services. Operating expenses are those amounts paid to acquire or produce the goods and services in return for the operating revenues. Non-operating revenues are funds received with no direct relationship to the goods and services being provided. Accordingly, state appropriations and ad valorem taxes, while budgeted for operations, are classified as non-operating revenue for financial reporting purposes.

The following table reflects a summary of the Statement of Revenues, Expenses and Changes in Net Position for the years ended August 31, 2022, 2021 and 2020. This summary indicates the operating loss and the overall increase (decrease) in net position for each of the years displayed.

	<u>86,659</u>	<u>73,012</u>	<u>69,078</u>
Increase (decrease) in net position	<u>\$ 12,742</u>	<u>5,819</u>	<u>(801)</u>

Operating and Non-operating Revenues

Major changes in operating and non-operating revenue are as follows:

- Gross tuition and fee revenue for 2022 was \$23.2 million and decreased from 2021 amounts by approximately \$0.4 million or 2%. Credit tuition decreased by approximately \$0.4 million, and state funded continuing education tuition decreased by \$0.4 million. Tuition and general fee rates remained the same in 2022. Gross tuition and fee revenue for 2021 was \$23.6 million and decreased from 2020 amounts by approximately \$2.1 million or 8%. Credit tuition decreased by approximately \$3.0 million, and state funded continuing education tuition increased by \$0.2 million. Tuition and general fee rates remained the same in 2021. During 2020, the District generated a gross total of \$25.8 million in tuition and fees charged to credit and non-credit students attending classes at the District.
- State appropriated revenue for 2022 was \$15.7 million which was a decrease of \$1.5 million from 2021. Of the total decrease, \$1.0 million represents the portion of pension and OPEB expense that was recognized by the State of Texas on behalf of the District. The remaining decrease is the result of a decrease for state appropriations as determined by the legislature slightly offset by higher amounts paid by the State for insurance premiums on behalf of the District. State appropriated revenue for 2021 was \$17.2 million which was a decrease of \$0.6 million from 2020. State appropriated revenue for 2020 was \$17.8 million.
- Property tax revenue was \$31.1 million in 2022 which exceeded the prior year by approximately \$1.6 million or 5.5%. Tax revenue was \$29.5 million in 2021 which exceeded the prior year by approximately \$2.0 million, or 7.3%. Tax revenue for 2020 was \$27.5 million. The combined tax rate was \$0.149782 per \$100 of valuation for both 2022 and 2021. Tax rates for maintenance and operations and assessed taxable property values continue to increase each year resulting in increases to revenues.
- Revenues from gifts, grants and contracts are not consistent from year to year, as private funds are given for specific purposes and many governmental grants are non-recurring. In 2022 federal Pell grants were \$14.4 million which was an increase of \$0.6 million from 2021. Federal Pell grants were \$13.8 million and \$16.6 million, respectively in 2021 and 2020. Funding from the Higher Education Emergency Relief Fund increased by approximately \$10.3 million from 2021 to 2022. The District first received this grant in 2020.
- State grants in 2022 were \$1.1 million and decreased by approximately \$0.3 million from 2021 to 2022 based on reductions in the Skills Development grants. There was an increase of approximately \$0.4 million from 2020 to 2021. State grants were \$1.1 million in 2020.

The following presentation graphically displays revenue trends.

Operating and Non-operating Revenues (continued)

The following chart reflects revenues from all sources for 2022. For purposes of this presentation, tuition and fees revenues are shown prior to scholarship discounts. The Statements of Revenues, Expenses and Changes in Net Position reflect these revenues net of scholarships.

Operating Expenses

Functional classifications are the traditional categories that have been used to show expenses. They represent the type of programs and services provided. The following chart shows the District's 2022 expenses compared to the 2021 and 2020 expenses.

Total operating expenses for 2022 increased by approximately \$5.7 million. Total pension and OPEB expenses for the year were \$0.2 million which included the District's portion of plan expenses as well as amounts incurred by the State of Texas on behalf of the District and were recorded as a result of changes in assumptions in the respective liabilities. The remaining increase was due to increase in institutional support and student services attributable to federal grant funding. Total operating expenses were \$81.8 million for 2021, a decrease of approximately \$2.1 million from 2020. Total pension and OPEB expenses for 2021 were \$2.3 million. Total operating expenses were \$83.9 million in 2020.

Statement of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the year. This statement also helps users assess the District's ability to generate net cash flows needed to meet its obligations as they come due and its need for external financing.

Statement of Cash Flows (continued)**Condensed Statements of Cash Flows**
(In Thousands)

	<u>2022</u>	<u>2021</u>	<u>2020</u>
Cash and cash equivalents provided by (used in):			
Operating activities	\$ (63,460)	(55,830)	(57,148)
Noncapital financing activities	75,772	66,791	59,642
Capital and related financing activities	(8,565)	(4,886)	(7,642)
Investing activities	<u>190</u>	<u>148</u>	<u>383</u>
Changes in cash and cash equivalents	<u>\$ 3,937</u>	<u>6,223</u>	<u>(4,765)</u>

The primary cash receipts from operating activities consist of tuition and fees and student loans. Cash outlays from operating activities include payment of wages, benefits, supplies, utilities and scholarships/loans.

State allocations, ad valorem taxes for maintenance and operations, and grants and contracts were the primary sources of non-capital financing. Accounting standards require that we reflect this source of revenue as non-operating, even though these resources are classified as operating revenues in the District's budget.

Cash flows from capital and related financing activities include receipts from taxes for debt service, interest and principal payments of capital debt and leases, and capital asset additions.

Cash flows from investing activities include proceeds from sales or maturities of investments, purchased investments, and related interest earned on investments.

Capital Assets and Debt Administration

The table below reflects the District's year-end capital asset balances, before accumulated depreciation.

Schedule of Capital Assets

Capital Assets and Debt Administration (continued)

Capital asset additions totaled \$6.5 million and \$2.1 million in 2022 and 2021, respectively. The major additions in 2022 was the CSC Module E HVAC upgrade, CSC Module E restroom and floor renovations, LTC 3rd floor renovation, BPAC plaza renovation, and construction in progress on the baseball and softball fields, BPAC stage replacement, and CSC F AHU replacement. Depreciation expense of \$4.4 million was incurred in 2022. The major additions in 2021 were the ESC roof replacement, CSC Module B air handler unit replacement, and construction in progress on the Central Plant and LTC 3rd floor renovations. Depreciation expense of \$4.3 million was incurred in 2021. The major addition in 2020 was the Business and Technology building renovation project. Depreciation expense of \$4.5 million was incurred in 2020.

The District had outstanding debt of approximately \$59.2 million and \$64.3 million as of August 31, 2022 and 2021, respectively.

Schedule of Outstanding Debt (In Thousands)

	<u>2022</u>	<u>2021</u>	<u>2020</u>
General obligation bonds	\$ 44,450	48,245	52,080
Revenue bonds	<u>14,705</u>	<u>16,035</u>	<u>17,600</u>
	<u>\$ 59,155</u>	<u>64,280</u>	<u>69,680</u>

The District issued \$26.6 million in refunding bonds that resulted in the defeasance of \$26.9 million in existing debt during 2021.

Effective September 1, 2021, the District adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. GASB 87 increases the usefulness of the District's financial statements by requiring recognition of certain lease assets, liabilities, and deferred inflows that previously were classified as operating leases. The standard is required to be adopted retroactively which resulted in an increase in net position of \$12,003 as of September 1, 2020 reflected as a cumulative effect of change in accounting principle in the accompanying financial statements.

For additional information concerning capital assets and debt administration, see Notes 6 through 9 in the Notes to the Financial Statements.

Economic Factors That Will Affect the Future

The District relies upon three primary revenue sources: local taxes, tuition and fees, and state appropriations. Over the past several years, the District has responded to declining state funds by reducing costs and taking advantage of increased tax valuations. Currently, tuition and fees (before discounts) account for approximately 20% of the District's total (operating and non-operating) revenue, while state appropriations and local taxes account for 14% and 27%, respectively.

Economic Factors That Will Affect the Future (continued)

The District expects state funding to increase as state congress is working on addressing the steady decline in state funding to community colleges statewide. The District continues to evaluate its course offerings based on student demand. The District's enrollment peaked at 10,180 students in fall 2010 and currently stands at more than 7,100 students during the fall 2022 semester. The District's Office of Institutional Research and academic program chairs monitor course demand and utilization on a daily basis during registration to tailor offerings to demand. The District developed a Strategic Enrollment Management committee with various subcommittees to look at ways to increase enrollment. A consultant was hired to look at all parts of the student enrollment process to identify any areas of improvement. Committees in each department have been formed and are looking at implementing the recommended changes with the hopes to increase enrollment for future semesters.

The District has one of the lower maintenance and operations tax rates with a current rate of \$0.124795 per \$100 valuation. The District is ranked in the bottom half of the 50 community college districts in terms of tax rates. The District has the authority to raise its tax rate to as much as \$0.25 cents per \$100 valuation. Consequently, the District has considerable capability to offset declining state funds with tax increases as long as the Legislature does not reduce the cap on annual tax revenue increases (currently set at 8%).

A change in the student enrollment represent potential challenges for Texas community colleges. Currently there is a decrease in overall enrollment experienced by nearly all community colleges in Texas. For fall 2022, total enrollment was down 3%. Additionally, graduation and transfer rates are increasing, leading to more students moving on to complete a bachelor's degree or going to work. The District is focused on retaining current students and beginning a strategic enrollment management process, and expects to begin to see impacts from the process starting in spring 2023.

The District is also seeking new opportunities. The cost of attending the District is approximately 36% of the cost to attend a typical state four-year institution. In response to these findings, the District continues the process of expanding its University Center by adding new bachelor degree programs with Texas Tech University and by adding to its offerings through Tarleton State University. The District is planning for the continued expansion of these initiatives, which is expected to increase demand for the District's current course offerings.

Beginning in the 2018-19 biennium, the funding model of Texas community colleges was adjusted to allocate \$680,406 for core operations and 12% of the remaining appropriations on the basis of student success points and 88% on contact hours. This was an overall increase in funding. Congress is currently looking at making another change for the 2024-25 biennium that will most likely result in an increase in funding for most Texas community colleges.

The most significant potential impacts are the action of the Texas Legislature in imposing adding additional unfunded mandates or limiting the ability of the college to increase revenue from taxes.

While community colleges currently have a tax rate increase cap of 8%, it is possible that there will be pressure on legislators in the future to reduce the cap to like other taxing entities have experienced. The District was able to use funds from the Higher Education Emergency Relief Fund to upgrade technology on campus and make other operational adjustments to remain financially stable. The District is not aware of any additional facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during subsequent years.

McLennan County Junior College District

Notes to Financial Statements

August 31, 2022 and 2021

(1) Nature of Operations and Reporting Entity

McLennan County Junior College District (the District) was established in 1965, in accordance with the laws of the State of Texas, to serve the education needs of McLennan County. The District offers courses which are transferable to senior colleges and universities. Students may also choose to earn associate degrees or certifications in a wide range of technical fields, including those leading to careers in business, health and service. The District is considered to be a primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity Omnibus: An Amendment of GASB Statements No. 14 and No. 34*. While the District receives funding from local, state, and federal sources and must comply with the spending, reporting, and record-keeping requirements of these entities, it is not a component unit of any other governmental entity. The accompanying financial statements present the District and its component unit described below. The discretely presented component unit is reported in a separate column to emphasize that it is legally separate from the District.

McLennan Community College Foundation (the Foundation) is a legally separate, tax-exempt entity organized to solicit and receive support for purposes of developing and extending the facilities of the District and enhancing the educational opportunities of residents in the geographical area the District serves. The Foundation receives a significant portion of its revenue from individuals and businesses in the Central Texas area. The District does not control the timing or amount of receipts from the Foundation. However, the majority of resources or income thereon that the Foundation holds and invests is for the benefit of the District or its constituents. Because the net position of the Foundation compared to the District is significant, because substantially all resources held by the Foundation can only be used by, or for the benefit of, the District, and because the Foundation has historically provided resources to the District or its constituents, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements. During the years ended August 31, 2022 and 2021, the Foundation expended \$2,346,655 and \$877,675, respectively, directly to the District or to the District on behalf of students. Complete financial statements for the Foundation can be obtained from the Foundation office at 1400 College Drive, Waco, Texas 76708.

The District is reported as a special-purpose government engaged in business-type activities. The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. These accounting policies basically conform to generally accepted accounting principles applicable to government units.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(2) Summary of Significant Accounting Policies(a) Basis of Accounting

The financial statements of the District have been prepared using the economic resource measurement focus and the accrual basis of accounting, whereby all revenues are recorded when earned and all expenses are recorded when a liability has been incurred. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The District distinguishes operating revenues and expenses from nonoperating items. The primary consideration in classifying revenues and expenses is how individual transactions are categorized for purposes of preparing the statement of cash flows. Transactions for which cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are reported as components of nonoperating income. The principal operating revenue of the District results from providing education services to students and consists of tuition and fees, as well as sales and services of educational activities and auxiliary goods and services. Operating expenses include the cost of providing educational services, auxiliary goods and services, and administrative expenses. All revenues and expenses not meeting this definition – including gifts, contributions, and grants from nonexchange and exchange-like transactions – are reported as nonoperating revenues and expenses. The principal nonoperating revenues of the District consist of state appropriations, property taxes, and grants and contracts. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The financial statements of the Foundation have been prepared on the accrual basis of accounting. The Foundation is a nonprofit organization that reports under Financial Accounting Standards Board standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(2) Summary of Significant Accounting Policies (continued)(b) Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget. Encumbrances outstanding at year-end that were provided for in the subsequent year's budget are reported as designations of net position since they do not constitute expenditures or liabilities.

(c) Scholarship Allowances and Discounts

Student tuition and fee revenues are reported net of scholarship allowances and discounts in the statements of revenues, expenses, and changes in net position. Scholarship allowances and discounts are the difference between the stated charge for goods and services provided by the District and the amount that is paid by students. Certain governmental grants, such as Pell grants and other federal, state or nongovernmental programs, are recorded as nonoperating revenues in the District's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees, the District has recorded a scholarship allowance and discount.

Texas Public Education Grants: Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue as a separate set aside in accordance with the Texas Education Code. When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount.

Title IV Program Funds and Other Tuition Discounts: Certain Title IV Program funds are received by the District to pass through to the students. In addition, the District awards tuition and fee scholarships from institutional funds to students who qualify. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and corresponding amounts are recorded as tuition discounts.

McLennan County Junior College District
Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(d) Cash and Cash Equivalents

Cash equivalents of \$379,218 and \$93,320 at August 31, 2022 and 2021, respectively, consist of public funds investment pools. Cash equivalents are considered to be highly liquid debt instruments with original maturities of three months or less from the date of acquisition.

Restricted cash and cash equivalents represent resources accumulated for debt service payments for the Series 2013, 2015, and 2021 limited tax bonds payable and 2017, 2019, and 2021 revenue bonds payable at August 31, 2022 and 2021.

(e) Investments

Investments are reported at fair value. Fair values are based on published market prices. The governmental investment pools operate in accordance with appropriate state laws and regulations. The value of the pools is reported at amortized cost which, in most cases, approximates the fair values of the pool shares.

(f) Inventories

Inventories, consisting of consumable office supplies and physical plant supplies, are valued at the lower of cost or market using the first-in, first-out method and are charged to expense as consumed.

(g) Capital Assets

Capital assets, which include land, buildings, library books, furniture, equipment and other improvements, are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of one or more years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Renovations to buildings and other improvements that significantly increase the value or extend the useful life of such assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend asset lives are charged to operating expense in the year in which the expense is incurred. The District reports depreciation under a single line item as a business-type unit.

McLennan County Junior College District
Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(g) Capital Assets (continued)

Depreciation is computed using the straight-line method over the following estimated useful lives:

Buildings	50 years
Other improvements	20 years
Library books	15 years
Furniture and equipment	5 - 10 years

(h) Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

Deferred outflows and inflows as of August 31, 2022 and 2021 consist of the following:

	2022	2021
Deferred Outflows		
Deferred charges on bond refundings	\$ 3,298,552	3,744,521
Pension related:		
Contributions subsequent to measurement date	1,292,233	1,210,521

(2) Summary of Significant Accounting Policies (continued)

(i) Unearned Revenue

Unearned revenue of the District at August 31, 2022 and 2021 consists of the following:

	2022	2021
Tuition and fees	\$ 8,270,262	8,605,839
Federal grants	95,853	520,093
Scholarships	91,481	227,995
State grants	-	46,065
	\$ 8,457,596	9,399,992

(j) Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(k) Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Employee Retirement System of Texas (ERS) State Retiree Health Plan (SRHP) has been determined using the flow of economic resources measurement focus and the full accrual basis of accounting. This includes for purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, and information about assets, liabilities, and additions to/deductions from SRHP's fiduciary net position. Benefit payments are recognized when due and payable in accordance with benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

(2) Summary of Significant Accounting Policies (continued)

(l) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Significant items subject to such estimates and assumptions include the carrying amount of capital assets and right-of-use assets, valuation allowances for receivables, certain accrued liabilities, interest rate assumptions for lease liabilities, and net pension liability and net OPEB liability and related deferred outflows and inflows of resources. Actual results could differ from those estimates.

(m) Change in Accounting Principle

Effective September 1, 2021, the District adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. GASB 87 increases the usefulness of the District's financial statements by requiring recognition of certain lease assets, liabilities, and deferred inflows that previously were classified as operating leases. The standard is required to be adopted retroactively which resulted in an increase in net position of \$12,003 as of September 1, 2020 reflected as a cumulative effect of change in accounting principle in the accompanying financial statements.

(3) Authorized Investments

The District is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The District is also required to follow specific investment practices prescribed by the Public Funds Investment Act (the Act) related to establishment of appropriate investment policies and management reports.

(4) Deposits and Investments (continued)

The weighted average maturity of investments (in days) of the District at August 31, 2022 and 2021 consists of the following:

	<u>2022</u>	<u>2021</u>
Texas Local Government Investment Pool	23	31
TexasTERM Local Government Investment Pool	23	53
Lone Star Investment Pool	12	52

Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio. Money market mutual funds must have a dollar weighted average stated maturity of 90 days or less. The maximum allowable stated maturity of any other individual investment owned by the District cannot exceed the limits established by the Act. If no maximum allowable stated maturity is provided for a particular investment, the maximum allowable stated maturity for such investment cannot exceed five years except for the purchase of investments related to the refunding of bonds in which case the maturity of the escrowed amount cannot exceed the life of the bond.

Credit Risk. Credit risk is the risk that an investment issuer or other counterparty to an investment will not fulfill obligations related to the investment. It is the District's policy to limit its investments in a manner that ensures the preservation of capital in the overall portfolio. Specifically, public funds investment pools must be rated not less than AAA or an equivalent rating by at least one nationally recognized rating service. At August 31, 2022 and 2021, public funds investment pools held by the District were rated AAAM by Standard & Poor's.

As indicated above, investments of the District at August 31, 2022 and 2021 include deposits in the Texas Local Government Investment Pool, TexasTERM Local Government Investment Pool, and Lone Star Investment Pool (collectively, the Pools). These Pools are public funds investment pools created pursuant to the Interlocal Cooperation Act of the State of Texas. The District has delegated the authority to hold legal title to the Pools as custodians and to make investment purchases with the District's funds. The District does not own specific, identifiable investment securities within the Pools.

The State Comptroller of Public Accounts exercises oversight responsibility over the Texas Local Government Investment Pool (TexPool). Oversight includes the ability to significantly influence operations, designation of management and accountability for fiscal matters.

McLennan County Junior College District
Notes to Financial Statements
(Continued)

(4) Deposits and Investments (continued)

Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. There are no maximum transaction amounts and withdrawals may be made daily. TexPool uses amortized cost rather than fair value to report net assets to compute share prices.

TexasTERM Local Government Investment Pool is a public funds investment pool organized under a common investment contract managed by an elected advisory board. TexasTERM Local Government Investment Pool is a non-taxable investment fund established for local governments in Texas under the provisions of the Texas Interlocal Cooperation Act. The pool offers two investment portfolios, TexasTERM and TexasDAILY. The District has investments in the TexasDAILY portfolio. TexasDAILY uses amortized cost rather than the fair value to report net assets to compute share prices.

Lone Star Investment Pool (Lone Star) is a member-owned, member-governed public funds investment pool offering three funds: Government Overnight Fund, Corporate Overnight Fund, and Corporate Overnight Fund Plus. The Board of Trustees, who has governance responsibilities, is comprised of participants in Lone Star and members of the Texas Association of School Business Officials. The District has investments in the Corporate Overnight Fund of Lone Star. The Corporate Overnight Fund uses amortized cost rather than the fair value to report net assets to compute share prices.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investments in the securities of a single issuer. The District's investment policy includes an investment objective of seeking diversification to avoid unreasonable risk.

Interest Rate and Credit Risks of McLennan Community College Foundation. The Foundation has general investment policies to seek reasonable income, preserve capital, and, in general, avoid speculative investments. However, the Foundation does not have a specific policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Also, the Foundation does not have a specific policy to limit the risk that an issuer or other counterparty to its mutual funds will not fulfill its obligations.

(7) Long-Term Liabilities (continued)

Bonds payable are due in annual installments varying from \$50,000 to \$5,490,000 with interest rates from 0.3% to 5% with the final installment in 2034. Debt service requirements to amortize bonds payable as of August 31, 2022, are as follows:

For the Year Ended August 31,	Revenue Bonds		Tax Bonds	
	Principal	Interest	Principal	Interest
2023	\$ 1,370,000	561,950	3,240,000	2,435,314
2024	1,440,000	507,150	2,660,000	2,818,600
2025	1,485,000	449,550	4,150,000	1,334,600
2026	1,535,000	399,000	4,345,000	1,262,226
2027	1,590,000	346,350	4,555,000	1,048,378
2028-2032	6,165,000	826,000	25,500,000	2,561,007
2033-2034	1,120,000	67,600	-	-
	<u>\$ 14,705,000</u>	<u>3,157,600</u>	<u>44,450,000</u>	<u>11,460,125</u>

The District has pledged certain future tuition and fees to repay \$14.7 million in revenue bonds issued in 2021, 2019, and 2017. Proceeds from the bonds provided financing for the remodel of the business and technology building, construction of parking garage facilities, and refunding of the 1995, 2009, and 2010 revenue bonds which provided funds for campus facility improvements. Annual principal and interest payments on the bonds are expected to require 40% of the pledged tuition and fees. The total principal and interest remaining to be paid on the bonds is \$17.9 million. Principal and interest paid for the current year and total of pledged tuition and fees were approximately \$1.9 million and \$3.2 million, respectively.

Leases

The District leases certain copier, register, and mowing equipment under lease agreements through 2024. In addition, the District leases housing for its athletes under a lease agreement with an initial lease term through July 31, 2021 with month-to-month lease renewals thereafter. Leases have imputed interest rates ranging from 2% to 6.66% and monthly payment terms ranging from \$29.98 to \$29,535.

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(7) Long-Term Liabilities (continued)

Future principal and interest requirements for lease liabilities as of August 31, 2022, are as follows:

For the Year Ended August 31,	Principal	Interest
2023	\$ 366,367	10,606
2024	333,932	3,282
	\$ 700,299	13,888

(8) Current and Advance Refundings

In May 2021, the District issued \$2.135 million of Refunding Revenue Bonds, Series 2021, which was used to refund \$2.385 million of outstanding Revenue Bonds, Series 2010. The true interest cost of the refunding bonds was 4% with a final maturity date of April 2030. The reacquisition price was equal to the carrying amount of the old debt. The refunding transaction was undertaken to reduce total debt service payments over the next 9 years by \$352,396 and resulted in an economic gain of \$333,555.

In May 2021, the District issued \$24.505 million of Refunding Limited Tax Bonds, Series 2021 to advance refund \$4.605 million of outstanding Limited Tax Bonds, Series 2013 and \$19.9 million of outstanding Refunding Limited Tax Bonds, Series 2015. Approximately \$27.9 million of proceeds were deposited in an irrevocable trust to provide for all future debt service on the refunding portion of the 2013 and 2015 bonds. As a result, that portion of the 2013 and 2015 bonds were considered defeased, and the District removed the liability from the accompanying Statements of Net Position. The reacquisition price exceeded the net carrying amount on the refunded portion of the 2013 and 2015 bonds by \$1,409,307. This amount is reflected as a deferred charge on refunding and will be amortized over the remaining life of the refunded debt. This advance refunding was undertaken to reduce total debt service payments over the next eleven years by \$2,264,608 and resulted in an economic gain of \$2,049,053.

McLennan County Junior College District

Notes to Financial Statements (Continued)

(9) Defeased Bonds Outstanding

During 2021, the District defeased certain bonds payable by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At August 31, 2022, the following bond outstanding is considered defeased:

	Year Refunded	Balance Outstanding
Refunding Limited Tax Bonds - Series 2013	2021	\$ 19,900,000

(10) Employees' Retirement Plan

Plan Description. The District participates in a cost-sharing, multiple employer defined benefit pension plan that has a special funding situation. The plan is administered by TRS. It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported education institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about TRS's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://www.trs.texas.gov/Pages/aboutpublications.aspx>, by writing to TRS at 1000 Red River Street, Austin, Texas 78701-2698, or by calling (512) 542-6592.

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(10) Employees' Retirement Plan (continued)

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, whose formulas use the three highest annual salaries. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on the date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes, including automatic cost of living adjustments (COLA). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas legislature as noted in the plan description above.

Texas Government Code Section 821.006 prohibits benefit improvements if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by TRS' actuary.

Contributions. Contribution requirements are established or amended pursuant to Article XVI, Sec. 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10.0% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025. Contribution rates were as follows:

Year	Member		State		District	
	Rate	Amount	Rate	Amount	Rate	Amount
2022	8.0%	\$ 2,055,309	7.8%	\$ 665,351	7.8%	\$ 1,991,081
2021	7.7%	1,927,005	7.5%	666,422	7.5%	1,876,953
2020	7.7%	1,951,924	7.5%	535,964	7.5%	1,901,225

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(10) Employees' Retirement Plan (continued)

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies, including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public schools, junior colleges, other entities, or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees, and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of TRS, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

McLennan County Junior College District

(10) Employees' Retirement Plan (continued)

Actuarial Assumptions. The total pension liability in the August 31, 2021 and 2020 actuarial valuations was determined using the following actuarial assumptions:

	Valuation Date	
	August 31, 2020 rolled forward to August 31, 2021	August 31, 2019 rolled forward to August 31, 2020
Actuarial cost method	Individual entry age, normal	Individual entry age, normal
Asset valuation method	Market value	Market value
Actuarial assumptions:		
Single discount rate	7.25%	7.25%
Long-term expected investment rate of return	7.25%	7.25%
Municipal bond rate	1.95%	2.33%
Salary increases	3.05% to 9.05% (includes inflation of 2.3%)	3.05% to 9.05% (includes inflation of 2.3%)
Benefit changes during the year	None	None
Ad hoc post-employment benefit changes	None	None

The actuarial methods and assumptions used in the determination of the total pension liability as of August 31, 2021 and 2020 are the same, except for the municipal bond rate. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate. A single discount rate of 7.25% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25%. The projection of cash flows used to determine the single discount rate assumed that contributions from active members, employers, and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

McLennan County Junior College District

Notes to Financial Statements (Continued)

(10) Employees' Retirement Plan (continued)

The long-term rate of return on pension plan investments is 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in TRS' target asset allocation as of August 31, 2021 are summarized below:

Asset Class*	Target Allocation % **	Long-Term Expected Geometric Real Rate of Return ***	Expected Contribution to Long-Term Portfolio Returns
Global Equity:			
USA	18.0%	3.6%	0.94%
Non-U.S. Developed	13.0%	4.4%	0.83%
Emerging Markets	9.0%	4.6%	0.74%
Private Equity	14.0%	6.3%	1.36%
Stable Value:			
Government Bonds	16.0%	-0.20%	0.01%
Absolute Return	-	1.1%	-
Stable Value Hedge Funds	5.0%	2.2%	0.12%
Real Return:			
Real Estate	15.0%	4.5%	1.00%
Energy, Natural Resources and Infrastructure	6.0%	4.7%	0.35%
Commodities	-	1.7%	-
Risk Parity:			
Risk Parity	8.0%	2.8%	0.28%
Asset Allocation Leverage:			
Cash	2.0%	-0.7%	-0.01%
Asset Allocation Leverage	-6.0%	-0.50%	0.03%
Inflation Expectation			2.20%
Volatility Drag ****	-		-0.95%
Expected Return	<u>100.00%</u>		<u>6.90%</u>

* Absolute Return includes Credit Sensitive Investments.

* Target allocations are based on the FY 2021 policy model.

** Capital Market Assumptions come from Aon Hewitt (as of August 31, 2021).

*** The volatility drag results from the conversion between arithmetic and geometric mean returns.

Discount Rate Sensitivity Analysis. The following schedule shows the impact to the District's net pension liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2021 net pension liability:

	<u>1% Decrease</u> (6.25%)	<u>Current Rate</u> (7.25%)	<u>1% Increase</u> (8.25%)
District's proportionate share of the net pension liability	\$ <u>15,938,211</u>	<u>7,293,846</u>	<u>280,642</u>

The following schedule shows the impact to the District's net pension liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the 2020 net pension liability:

	<u>1% Decrease</u> (6.25%)	<u>Current Rate</u> (7.25%)	<u>1% Increase</u> (8.25%)
District's proportionate share of the net pension liability	\$ <u>25,075,156</u>	<u>16,261,639</u>	<u>9,100,849</u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2022 and 2021, the District reported a liability of \$7,293,846 and \$16,261,639, respectively, for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District at August 31, 2022 and 2021 as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District is as follows:

	<u>2022</u>	<u>2021</u>
District's proportionate share of the net pension liability	\$ 7,293,846	16,261,639
State's proportionate share of the net pension liability associated with the District	<u>3,970,528</u>	<u>8,650,513</u>
Total	\$ <u>11,264,374</u>	<u>24,912,152</u>

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(10) Employees' Retirement Plan (continued)

The 2022 net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021. The District's proportion of the collective net pension liability was 0.029% which was consistent with its proportion measured as of August 31, 2021.

The 2021 net pension liability was measured as of August 31, 2019 and rolled forward to August 31, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all participating employers to the plan for the period September 1, 2019 to August 31, 2020. The District's proportion of the collective net pension liability was 0.030% which was consistent with its proportion measured as of August 31, 2019.

There were no changes in assumptions since the prior measurement date.

For the years ended August 31, 2022 and 2021, the District recognized total pension expense (benefit) of \$(1,126,878) and \$1,984,255, respectively. Of the total pension expense (benefit), for the measurement periods ended August 31, 2022 and 2021, the District recognized pension expense of \$15,874 and \$1,040,465, respectively, and revenue of \$665,351 and \$666,422, respectively, for support provided by the State.

At August 31, 2022 and 2021, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 12,206	513,493
Changes in actuarial assumptions	2,578,232	1,123,888
Differences between projected and actual investment earnings, net	-	6,115,795
Changes in proportion and differences between the District's contributions and the proportionate share of contributions	682,938	875,875
Contributions paid to TRS subsequent to the measurement date	1,292,233	-
Total	\$ 4,565,609	8,629,051

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(10) Employees' Retirement Plan (continued)

	2021	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 29,692	453,819
Changes in actuarial assumptions	3,773,279	1,604,372
Differences between projected and actual investment earnings, net	329,203	-
Changes in proportion and differences between the District's contributions and the proportionate share of contributions	914,435	437,340
Contributions paid to TRS subsequent to the measurement date	1,210,521	-
Total	\$ 6,257,130	2,495,531

The \$1,292,233 reported as deferred outflows of resources at August 31, 2022 related to contributions paid to TRS subsequent to the measurement date at August 31, 2021 will be recognized as a reduction of the net pension liability in fiscal year 2023.

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For the Year Ended August 31,	Pension Expense
2023	\$ (875,032)
2024	(869,575)
2025	(1,427,475)
2026	(1,943,274)
2027	(186,997)
Thereafter	(53,322)

Optional Retirement Program. The state has also established an optional retirement program for institutions of higher education. Participation in the optional retirement program (ORP) is in lieu of participation in TRS. ORP provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

McLennan County Junior College District

Notes to Financial Statements (Continued)

(10) Employees' Retirement Plan (continued)

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 3.3% and 6.6%, respectively.

The District supplements an additional 5.2%. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill 1812, 83rd Texas Legislature, Regular Session, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

Contribution rates as a percentage of compensation and contributions made for ORP for 2020, 2021 and 2022 are shown in the table below.

<u>Year</u>	<u>Member</u>		<u>State</u>	
	<u>Rate</u>	<u>Amount</u>	<u>Rate</u>	<u>Amount</u>
2022	6.6%	\$ 609,630	3.3%	\$ 297,604
2021	6.6%	604,279	3.3%	301,758
2020	6.6%	638,148	3.3%	318,240

The total payroll for all District employees was \$37,979,524, \$37,099,177, and \$38,856,925 for the years ended August 31, 2022, 2021, and 2020, respectively. The total payroll of employees covered by ORP was \$9,236,821, \$9,155,749, and \$9,668,916 for the years ended August 31, 2022, 2021, and 2020, respectively.

(11) Compensated Absences

Full-time employees earn annual leave of 6.67 hours per month. The District's policy is that any employee may carry accrued leave forward from one fiscal year to another fiscal year with a maximum number of paid hours upon termination of 160. The District recognized an accrued liability for the unpaid annual leave of \$822,354 and \$783,641 at both August 31, 2022 and 2021, respectively. It is the District's policy to classify the entire amount of compensated absences as a current liability since substantially all is used in the following fiscal year and is reflected as such in the accompanying Statements of Net Position. Sick leave, which can be accumulated up to 960 hours, is earned at the rate of eight hours per month. The District's policy is to recognize the cost of sick leave when paid. A liability for unpaid sick leave is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal and benefits are not vested.

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(12) Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There were no significant reductions in insurance in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years. The District has established a limited risk management program for workers' compensation. A liability for workers' compensation claims is reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. An excess commercial insurance policy covers individual workers' compensation claims in excess of \$213,037. The claim liability includes an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors. Estimated future payments for incurred claims are charged to operating expenses. Changes in the balance of claims liability included in accrued liabilities during the past two years are as follows:

	<u>2022</u>	<u>2021</u>
Unpaid claims, beginning of year	\$ 262,372	200,628
Incurred claims (including IBNR) and changes to prior year estimates	82,279	153,175
Claim payments	<u>(75,140)</u>	<u>(91,431)</u>
Unpaid claims, end of year	<u>\$ 269,511</u>	<u>262,372</u>

(13) Other Post-Employment Benefits (OPEB)

Plan Description. The District participates in a cost-sharing, multiple-employer defined-benefit OPEB plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(13) Other Post-Employment Benefits (OPEB) (continued)

OPEB Plan Fiduciary Net Position. Detailed information about the GBP's fiduciary net position is available in a separately-issued ERS Annual Comprehensive Financial Report that includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained online; by writing to ERS at 200 East 18th Street, Austin, Texas, 78701; or by calling (877) 275-4377.

Benefits Provided. Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least 10 years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions. Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium, which is based on a blended rate as of the measurement period. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

McLennan County Junior College District

Notes to Financial Statements (Continued)

(13) Other Post-Employment Benefits (OPEB) (continued)

	2022	2021
Retiree only	\$ 624.82	624.82
Retiree & Spouse	1,339.90	1,340.82
Retiree & Children	1,103.58	1,104.22
Retiree & Family	1,818.66	1,820.22

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table.

<u>Year</u>	<u>State Amount</u>	<u>District Amount</u>
2022	\$ 1,076,817	\$ 1,317,050
2021	1,059,826	1,261,618
2020	1,001,868	1,210,216

Actuarial Assumptions. The total OPEB liability in the August 31, 2021 and 2020 actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

	Valuation Date	
	August 31, 2021	August 31, 2020
Actuarial cost method:	Entry age normal	Entry age normal
Amortization method	Level percent of payroll, open	Level percent of payroll, open
Amortization period	30 years	30 years
Actuarial assumptions:		
Discount rate	2.14%	2.20%
Salary increases	2.30% to 9.05% (includes inflation of 2.3%)	2.3% to 9.05% (includes inflation of 2.3%)
Annual healthcare trend rates	5.25% for fiscal year 2023, 5.15% for fiscal year 2024, 5.00% for fiscal year 2025, 4.75% for fiscal year 2026, 4.60% for fiscal year 2027, decreasing 10 basis point per year to an ultimate rate of 4.30% for fiscal year 2030 and later years	8.8% for fiscal year 2022, 5.25% for fiscal year 2023, 5.00% for fiscal year 2024, 4.75% for fiscal year 2025, 4.60% for fiscal year 2026, decreasing 10 basis point per year to an ultimate rate of 4.30% for fiscal year 2029 and later year
Mortality Assumptions:		
Service Retirees, Survivors, and Other Inactive Members	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018
Disability Retirees	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members
Active Members	Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014	Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(13) Other Post-Employment Benefits (OPEB) (continued)

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period September 1, 2010 to August 31, 2017 for higher education members.

Investment Policy. The SRHP is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The ERS's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate. Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 2.20%. The discount rate used to determine the total OPEB liability as of the end of the measurement year was 2.14%, which amounted to a decrease of 0.06%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and, therefore, the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis. The following schedule shows the impact to the District's proportionate share of the collective net OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.14%) in measuring the 2021 net OPEB liability:

	1% Decrease <u>(1.14%)</u>	Current Rate <u>(2.14%)</u>	1% Increase <u>(3.14%)</u>
District's proportionate share of the 2021 net OPEB liability	\$ <u>60,080,208</u>	<u>50,443,572</u>	<u>42,904,343</u>

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(13) Other Post-Employment Benefits (OPEB) (continued)

The following schedule shows the impact to the District's proportionate share of the collective net OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.20%) in measuring the 2020 net OPEB liability:

	1% Decrease <u>(1.20%)</u>	Current Rate <u>(2.20%)</u>	1% Increase <u>(3.20%)</u>
District's proportionate share of the 2020 net OPEB liability	\$ <u>55,942,977</u>	\$ <u>47,067,445</u>	\$ <u>40,114,261</u>

Healthcare Trend Rate Sensitivity Analysis. The initial healthcare trend rate is 5.25% and the ultimate rate is 4.3%. The following schedule shows the impact to the District's proportionate share of the collective net OPEB liability if the healthcare cost trend rate used was 1% less than and 1% greater than the healthcare cost trend rate that was used (5.25% decreasing to 4.3%) in measuring the 2021 net OPEB liability:

	Current Healthcare Cost Trend Rates <u>(4.25% decreasing to 3.3%)</u>	Current Healthcare Cost Trend Rates <u>(5.25% decreasing to 4.3%)</u>	Current Healthcare Cost Trend Rates <u>(6.25% decreasing to 5.3%)</u>
District's proportionate share of the 2021 net OPEB liability	\$ <u>42,240,553</u>	\$ <u>50,443,572</u>	\$ <u>61,190,985</u>

The initial healthcare trend rate is 8.8% and the ultimate rate is 4.3%. The following schedule shows the impact to the District's proportionate share of the collective net OPEB liability if the healthcare cost trend rate used was 1% less than and 1% greater than the healthcare cost trend rate that was used (8.8% decreasing to 4.3%) in measuring the 2020 net OPEB liability:

	Current Healthcare Cost Trend Rates <u>(7.8% decreasing to 3.3%)</u>	Current Healthcare Cost Trend Rates <u>(8.8% decreasing to 4.3%)</u>	Current Healthcare Cost Trend Rates <u>(9.8% decreasing to 5.3%)</u>
District's proportionate share of the 2020 net OPEB liability	\$ <u>39,392,355</u>	\$ <u>47,067,445</u>	\$ <u>57,128,686</u>

(13) Other Post-Employment Benefits (OPEB) (continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At August 31, 2022 and 2021, the District reported a liability of \$50,443,572 and \$47,067,445, respectively, for its proportionate share of the ERS's net OPEB liability. This liability reflects a decrease in State support provided to the District for OPEB. The amount recognized by the District at August 31, 2022 and 2021 as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

	2022	2021
District's proportionate share of the net OPEB liability	\$ 50,443,572	47,067,445
State's proportionate share of the net OPEB liability associated with the District	37,216,564	34,272,215
Total	\$ 87,660,136	81,339,660

The 2022 net OPEB liability was measured as of August 31, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 to August 31, 2021. At the measurement date of August 31, 2021, the District's proportion of the collective net OPEB liability was 0.1406%, which was a decrease of 0.0018% from its proportion measured as of August 31, 2020.

The 2021 net OPEB liability was measured as of August 31, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2019 to August 31, 2020. At the measurement date of August 31, 2020, the District's proportion of the collective net OPEB liability was 0.1424%, which was an increase of 0.0019% from its proportion measured as of August 31, 2019.

For the years ended August 31, 2022 and 2021, the District recognized total OPEB expense of \$851,622 and \$305,345, respectively. Of the total expense, for the measurement period ended August 31, 2022 and 2020, the District recognized OPEB expense (benefit) of (\$454,074) and (\$404,369), respectively, and revenue of \$1,076,817 and \$1,059,826, respectively, for support provided by the State.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(13) Other Post-Employment Benefits (OPEB) (continued)

Changes Since the 2020 Actuarial Valuation: The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period.

Demographic Assumptions: The following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends:

- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future retirees assumed to be married and electing coverage for their spouse.
- The proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the opt-out credit at retirement.
- The percentage of higher education vested terminated members assumed to have terminated less than one year before the valuation date.

Economic Assumptions: Assumptions for expenses, assumed per capita health benefit costs and health benefit cost and retiree contribution and expense trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.

The discount rate assumption was changed from 2.20% as of August 31, 2020 to 2.14% as of August 31, 2021 as a result of requirements to utilize the yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Benefit Terms: There are no significant changes to benefit terms.

McLennan County Junior College District

Notes to Financial Statements

(13) Other Post-Employment Benefits (OPEB) (continued)

At August 31, 2022 and 2021, the District reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	1,237,324
Changes in actuarial assumptions	3,453,565	5,618,285
Differences between projected and actual investment earnings	8,934	-
Changes in proportion and differences between the District's contributions and the proportionate share of contributions	5,056,641	-
Contributions paid to ERS subsequent to the measurement date	<u>720,680</u>	<u>-</u>
Total	<u>\$ 9,239,820</u>	<u>6,855,609</u>
	2021	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	1,840,831
Changes in actuarial assumptions	2,724,878	10,141,095
Differences between projected and actual investment earnings	14,047	-
Changes in proportion and differences between the District's contributions and the proportionate share of contributions	7,051,247	-
Contributions paid to ERS subsequent to the measurement date	<u>2,503,305</u>	<u>-</u>
Total	<u>\$ 12,293,477</u>	<u>11,981,926</u>

The \$720,680 reported as deferred outflows of resources related to contributions paid to ERS subsequent to the measurement date at August 31, 2021 will be recognized as a reduction of the net OPEB liability beginning in fiscal year 2023.

McLennan County Junior College District

Notes to Financial Statements
(Continued)

(13) Other Post-Employment Benefits (OPEB) (continued)

The net amounts of the District's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>For the Year Ended August 31,</u>	<u>OPEB Expense</u>
2023	\$ 88,160
2024	994,000
2025	221,997
2026	84,801
2027	274,573

(14) Related Parties

During the years ended August 31, 2022 and 2021, the District furnished office space, utilities and staffing amounting to approximately \$348,000 and \$324,000, respectively, at no cost to the Foundation. Amounts owed from the Foundation for scholarships and gifts at August 31, 2022 and 2021, respectively, approximated \$1.5 million and \$64,000.

(15) Ad Valorem Property Taxes

The District's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real, business and personal property located in the District as follows:

	<u>2022</u>	<u>2021</u>
Assessed valuation of the District	\$ 27,353,105,991	26,213,502,231
Less: Exemptions	<u>6,183,803,215</u>	<u>5,968,324,017</u>
Net assessed valuation of the District	<u>\$ 21,169,302,776</u>	<u>20,245,178,214</u>

Tax rates authorized and assessed during fiscal year 2022 are as follows:

	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Tax rate per \$100 valuation authorized	\$ 0.250000	0.500000	0.750000
Tax rate per \$100 valuation for assessed	0.121741	0.028041	0.149782

McLennan County Junior College District

Notes to Financial Statements

(15) Ad Valorem Property Taxes (continued)

Tax rates authorized and assessed during fiscal year 2021 were as follows:

	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Tax rate per \$100 valuation authorized	\$ 0.250000	0.500000	0.750000
Tax rate per \$100 valuation for assessed	0.121741	0.028041	0.149782

Taxes levied for the year ended August 31, 2022 are \$32,242,874. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. Tax collections for the year ended August 31, 2022 are as follows:

	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Current taxes collected	\$ 26,540,900	5,314,143	31,855,043
Delinquent taxes collected	171,703	45,429	217,132
Penalties and interest collected	<u>250,336</u>	<u>58,448</u>	<u>308,784</u>
Total collections	<u>\$ 26,962,939</u>	<u>5,418,020</u>	<u>32,380,959</u>

Taxes levied for the year ended August 31, 2022 were \$30,166,630. Tax collections for the year ended August 31, 2021 were as follows:

	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Current taxes collected	\$ 24,117,294	5,555,015	29,672,309
Delinquent taxes collected	378,380	106,228	484,608
Penalties and interest collected	<u>247,243</u>	<u>65,329</u>	<u>312,572</u>
Total collections	<u>\$ 24,742,917</u>	<u>5,726,572</u>	<u>30,469,489</u>

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(15) Ad Valorem Property Taxes (continued)

Current tax collections for each of the years ended August 31, 2022 and 2021 were approximately 96% of the current tax levy. An allowance for uncollectible taxes is based upon the historical experience in collecting property taxes.

(16) Tax Abatements

The District enters into property tax abatement agreements with local businesses in conjunction with those entered into by the City of Waco, Texas (the City). The City Council grants abatements for the City when they create economic development opportunities. The District is able to approve a similar abatement to what was approved by the City with terms commensurate with their taxing authority.

For the fiscal years ended August 31, 2022 and 2021, the District, did not enter into any tax abatement agreements.

(17) Budgets

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The budget, which is prepared on the accrual basis of accounting, is adopted by the District's Board of Trustees. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

(18) Income Taxes

The District is exempt from income taxes under Internal Revenue Code Section 115, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B). The District had no unrelated business income tax liability for 2022 or 2021.

The Foundation is an organization generally exempt from federal income taxes under Internal Revenue Code Section 501(c)(3).

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(19) Commitments and Contingencies

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Effective May 27, 2008, the District entered into a ten-year agreement with a corporation for the management and operation of its bookstore. The agreement provides for the District to receive a percentage of gross revenues from the operation of the bookstore. The agreement was renewed effective June 9, 2018 for an additional ten year term.

(20) Contracts and Grants

Contract and grant revenues are recognized as earned in the accompanying Statements of Revenues, Expenses, and Changes in Net Position. For contract and grant awards, funds expended but not collected are reported as accounts receivable in the accompanying Statements of Net Position. Contract and grant awards that are not yet funded, and for which the District has not yet performed services, are not included in the financial statements. Such contract and grant awards already committed total \$600,700 and \$2,437,167 at August 31, 2022 and 2021, respectively, for federal contract and grant awards; and \$59,530 and \$179,530 at August 31, 2022 and 2021, respectively, for state contract and grant awards.

(21) Business Concentrations and Uncertainties

The District generally serves the McLennan County area; consequently, it is impacted by the general economy of the area. Also, the District receives a substantial portion of its funding from federal and state sources; consequently, the District is dependent upon continued funding from these sources.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(22) Authoritative Pronouncements Not Yet Effective

The following pronouncements were issued by the Governmental Accounting Standards Board (GASB) which may impact the District but are not yet effective. The District has not yet determined the effects of the adoption on its financial statements.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (issued May 2020) – the objective of this statement is to provide guidance for subscription-based information technology arrangements (SBITA). It will define SBITA contracts, provide guidance on the accounting for the SBITAs, and require disclosures regarding the SBITAs. The requirements of this statement are effective for financial statements for fiscal years beginning after June 15, 2022.

GASB Statement No. 99, *Omnibus 2022* (issued April 2022) – the objective of this statement is to enhance comparability in accounting and financial reporting and improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Specifically, provisions of GASB 87 related to leases have been clarified related to the determination of lease term, short-term lease classification, recognition and measurement of lease liability and lease asset, and identification of lease incentives. In addition, provisions of GASB 96 have been clarified related to SBITA term, short-term SBITA classification, and recognition and measurement of subscription liability. These requirements are effective for financial statements for fiscal years beginning after June 15, 2022.

GASB Statement No. 100, *Accounting Changes and Error Corrections – an Amendment of GASB 62* (issued June 2022) – the objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this statement are effective for financial statements for fiscal years beginning after June 15, 2023.

GASB Statement No. 101, *Compensated Absences* (issued June 2022) – the objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences through a unified recognition and measurement model and amendment of certain previously required disclosures. The requirements of this statement are effective for financial statements for fiscal years beginning after December 15, 2023.

McLennan County Junior College DistrictNotes to Financial Statements
(Continued)(23) Subsequent Events

The District has evaluated subsequent events from the date of the statements of net position through December 8, 2022 the date on which the financial statements were available to be issued, and has determined that there are no items to disclose.

McLennan County Junior College District

Notes to Required Supplementary Information – Employee Retirement System of Texas

Year Ended August 31, 2022

(1) Changes in Benefit Terms

Any plan changes that have been adopted and communicated to plan members by the time the valuation is prepared must be included in the valuation. Accordingly, this valuation reflects the benefit changes that will become effective September 1, 2021, since these changes were communicated to plan members in advance of the preparation of the latest valuation report.

There are no significant changes to benefit terms.

(2) Changes in Assumptions

Demographic Assumptions: The following assumptions have been updated since the previous valuation to reflect recent plan experience and expected trends:

- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future retirees assumed to be married and electing coverage for their spouse.
- The proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the opt-out credit at retirement.
- The percentage of higher education vested terminated members assumed to have terminated less than one year before the valuation date.

Economic Assumptions: Assumptions for expenses, assumed per capita health benefit costs and health benefit cost and retiree contribution and expense trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.

The discount rate assumption was changed from 2.20% as of August 31, 2020 to 2.14% as of August 31, 2021 as a result of requirements to utilize the yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

Notes to Schedule of Expenditures of Federal Awards

Year Ended August 31, 2022

(1) Federal Revenue Reconciliation

Federal revenues for 2022 are reported in the basic financial statements as follows:

Federal grants and contracts per Exhibit 2	\$ 38,094,661
Add: Federal Direct Student Loans made	<u>7,284,860</u>
 Total per Schedule of Expenditures of Federal Awards	 \$ <u><u>45,379,521</u></u>

(2) Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of McLennan County Junior College District (the District) under programs of the federal government for the year ended August 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

(3) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and “frequently asked questions” (“FAQs”) and other guidance issued by the U.S. Department of Education, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

(4) Indirect Cost Rate

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

McLennan County Junior College District

Notes to Schedule of Expenditures of State Awards

Year Ended August 31, 2022

(1) State Revenue Reconciliation

State revenues for 2022 are reported in the basic financial statements as follows:

State grants and contracts per Exhibit 2	\$ 1,132,991
Add: CAL Loans made	<u>32,833</u>
Total per Schedule of Expenditures of State Awards	<u><u>\$ 1,165,824</u></u>

(2) Basis of Presentation

The accompanying Schedule of Expenditures of State Awards (the Schedule) includes the state grant activity of McLennan County Junior College District (the District) under programs of the state government for the year ended August 31, 2022. The information in this Schedule is presented in accordance with the requirements of the *State of Texas Single Audit Circular* contained in the state's *Uniform Grant Management Standards*. Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

(3) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the state's *Uniform Grant Management Standards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Statistical Section

Financial Trends Information

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

- Net Position by Component
- Revenues by Source
- Expenses by Function and Changes in Net Position

Revenue Capacity Information

These schedules contain information to help the reader assess the factors affecting the District's ability to generate its primary revenues.

- Tuition and Fees
- Assessed Value and Estimated Actual Value of Taxable Property
- Direct and Overlapping Property Tax Rates
- State Appropriation per FTSE and Contact Hour
- Principal Taxpayers
- Property Tax Levies and Collections

Debt Capacity Information

These schedules present information to help the reader assess the affordability of the District's current levels of debt and the District's ability to issue additional debt in the future.

- Ratios of Outstanding Debt by Type
- Legal Debt Margin Information
- Pledged Revenue Coverage

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place and to help make comparisons over time and with each other.

- Demographic and Economic Statistics
- Principal Employers

Operating Information

These schedules contain other information about the District's operations and resources to help the reader understand how the District's financial information relates to the services the District provides and the activities it performs.

- Faculty, Staff, and Administrators Statistics
- Enrollment Details
- Student Profile
- Student Transfers to Senior Institutions
- Capital Asset Information

Source: McLennan County Tax Office

Note: Overlapping rates are those of other governments that apply to property owners within the McLennan County Junior District. Not all overlapping rates apply to all District property owners; for example, although the McLennan County tax rates apply to all District property owners, the Axtell Independent School District rates apply only to a small portion of District property owners whose property is located within the school district's geographic boundaries.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees
McLennan County Junior College District:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of McLennan County Junior College District (the District) as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 8, 2022. The financial statements of McLennan Community College Foundation, a discretely presented component unit of the District, were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with McLennan Community College Foundation.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, including the Public Funds Investment Act (Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the *Public Funds Investment Act*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE *UNIFORM
GUIDANCE AND UNIFORM GRANT MANAGEMENT STANDARDS***

The Board of Trustees
McLennan County Junior College District:

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited McLennan County Junior College District’s (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *Uniform Grant Management Standards* that could have a direct and material effect on each of the District’s major federal and state programs for the year ended August 31, 2022. The District’s major federal and state programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *Uniform Grant Management Standards*. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the District’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and *Uniform Grant Management Standards* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal and state program as a whole. In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and *Uniform Grant Management Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and *Uniform Grant Management Standards*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and *Uniform Grant Management Standards*. Accordingly, this report is not suitable for any other purpose.

McLennan County Junior College District
Summary Schedule of Prior Audit Findings

August 31, 2021

2021-001 – Improving Compliance and Internal Controls over Procurement Policies

Due to the decentralization of sourcing and purchasing of goods and services as well as approvals for purchases throughout the District, the District was inconsistent in its application of internal procurement policies for purchases that were between \$10,000 and \$50,000 which require multiple quotes in order to determine the most suitable vendor.

Corrective action was taken.
