

# Accessible Document Compliance

## Answer Key Guide

### Using the Answer Key

The **InstructorPlan\_Timberwolf Answer Key** document uses commenting to illustrate what needs to be addressed in each of the assignments in the course. The document itself has been corrected to match the required changes mandated by each assignment. The text in **bold** within the comment lists the Assignment Name (for example the **Missing Alt Text**: as shown in the image below) and the text that follows it details needs to be done to meet the assignment. In some cases the changes, in the case of the hyperlinks, may or may not be optional depending on how the students view the original link text. When this is case it is so noted.

#### Required Text & Materials:

#### Richard Leslie

**Missing Alt Text:** Add alt text to this image. Text should be descriptive of the image and put it in context. Alt text should mention this is cover of textbook with wolf's head and include the text of the title.

**Making Hyperlinks Accessible:** Create image hyperlink to <http://www.tfallsc.edu/bookstore>
