Upward Bound (UB) is a free college preparatory program for high school students funded by the U.S. Department of Education and sponsored locally by McLennan Community College. UB is specifically designed to strengthen the math, science, English, and foreign language skills of eligible high school students to excel academically and pursue postsecondary degree.

Year-round services provided by the UB Program of McLennan Community College include:

- Instruction/Tutoring in math, science, English, and foreign language, including hands-on experience in computer facilities and field sites;
- A 6-week summer instructional component that is designed to simulate a college-going experience that includes daily course-work in math, science, English, and foreign language as well as other related activities such as field trips and special events;
- Activities that involve participants with opportunities to learn from professionals who are engaged in actions and careers within public and private agencies;
- Academic advising from UB staff and individual assistance with the college admissions and financial aid application processes.

Monday and Wednesday tutoring and Saturday Enrichment days during the school year (Academic Component) will take place at McLennan Community College as well as the six-week instructional session (Summer Component) that takes place during the summer. Please note that selected students and their parents must commit to remain active in the UB Program year-round (12 months) for a minimum of 3-4 years or until high school graduation.

In order to comply with federal regulations, all UB participants must meet the following criteria:

- Demonstrate academic need (low grades and/or low test scores);
- Qualify as low income and/or potential first generation college student (neither parent has received a 4-year college degree);
