Quote Speech ⌄

🔑 Includes assessment.

The goal is to prepare a two to three-minute speech in which the audience learns more about you through a quote. Pick a quote that describes you or some aspect of your life and use the quote to explain or describe yourself. In your speech, we must hear an introduction of who you are (including your name), where the quote came from which may include the author, website, sponsor, etc., and how the quote describes you or some aspect of your life.

Time limit: 2 to 3 minutes

Grading Requirements

Students will be graded on delivery requirements (provided below), effective delivery, quote and source provided, explanation of quote to your life, introduction of yourself, meeting time requirements, and any other element provided in the speech assignment details.
