### STUDENTS

All students utilizing campus parking facilities must display a parking permit properly, and park in student parking lots. The first permit is free and the parking fee is \$5 per semester for additional permits.

McLennan Community College does not guarantee a parking place close to class nor does the absence of a parking space justify violation of the parking rules. Only students with a State of Texas permit for the disabled may park in all parking lots.

#### Permits:

All students who park an automobile on campus must display a valid parking permit on the outside lower left corner of the rear window. Permits for convertibles, pickups with temporary campers, and vehicles with a rear window sun shield may be displayed on the left rear bumper. A standard automobile permit will be used for motorcycles and must be carried on the person of the rider.

Failure to display permits as described above constitutes a parking violation with a minimum fine of \$15. Parking permits may be obtained at the Business Office during registration for each semester or summer term. Additional permits may be purchased for \$5 each at the Business Office. Students shall be responsible for all parking permits registered in their name, regardless of the operator or the owner of the vehicle. If a parking permit is lost, the loss should be reported to the Business Office, in person, immediately. A fee of \$5 will be charged for parking permit replacement.

- I. Temporary Permits: Any vehicle that is driven on campus by a student must be parked in a student parking lot. If the student loses a permit, or if the student is driving another vehicle, the student must park in a student parking lot and request a temporary permit from the Business Office within four (4) hours of parking the vehicle. A description of the vehicle (license plate, number, make, year, and color) must be provided. The permit is free and under certain circumstances may be valid for a maximum of two weeks.
- II. Special Permits for the Disabled: Individuals who require access to marked accessible parking spaces must apply for a state-issued accessible parking placard. Applications and information are available from the Disability Services Office located on the 3<sup>rd</sup> floor of the Student Services Center, or by calling 254.299.8122. All accessible parking placards, permanent or temporary, must be obtained through the state. Both the ADA placard and the appropriate MCC parking permit must be displayed.

MCC encourages students to take advantage of this service.
