

## **O. Community Garden, McLennan Community College**

**Job Description:** Highlander Harvest is MCC's community garden, and its mission is to provide a green space for individuals to grow their own food, and food to be donated to community members in need.

**Volunteer Duties:** Volunteers can help build garden beds, improve the soil, plant seeds or seedlings, weed, harvest, and otherwise beautify and improve the garden area.

**Volunteer Requirements:** Wear outdoor clothing, bring your own sun/bug protection, and be prepared for the day's weather.

**Training Provided:** All necessary training for the day's activities will be provided on-site.

**Time Commitment:** The garden has regularly scheduled work days. Sign up for just one, or many!

**Group Volunteering:** Groups are welcome!

**Recommended For:** Students in the fields of agriculture, environmental science, education, and more.

**Benefits:** Volunteering at Highlander Harvests offers hands-on experience in several professional fields, and is a good way to get exercise and fresh air while meeting new people.
